About This Test

Total Health Diamond Package – by The Xpert Lab The "Total Health Diamond Package"is a complete and advanced preventive health check-up designed to give a detailed overview of your overall wellbeing. This package includes CBC and ESR to evaluate blood health, anemia, and hidden infections. LFT and KFT help assess liver and kidney function, while the Lipid Profile checks cholesterol levels and heart health risk. TFT evaluates thyroid function, and FBS with HbA1c monitors current and long-term blood sugar control. The package also covers Iron Profile, Vitamin D3, and Vitamin B12, which are essential for energy levels, bone strength, nerve health, and immunity. CRP and hsCRP detect inflammation and cardiovascular risk, while IgE helps identify allergies. Amylase and Lipase assess pancreatic health. HIV screening ensures infection safety, and Cortisol evaluates stress and hormonal balance. This package is ideal for complete health monitoring, early disease detection, and long-term wellnes planning.
